SKILLS //

Frontend - React, React Native, JavaScript, HTML5, CSS3, Apollo, Sass, TypeScript (Basic)

Backend - Node.js, Python, SQL, GraphQL, MongoDB, Mongoose, Sequelize, Java (Basic), C# (basic)

RELATED PROJECTS //

cubeX - https://sheltered-reef-38980.herokuapp.com/ December 2019

- A MERN stack app that uses GraphQL and Apollo for all of the data manipulation.
- Simple app that will allow users to time themselves while solving a Rubik's cube.
- Has a few data-analysis features like a graph and averages.

PotterGo - https://github.com/Brandon205/PotterGo November 2019

- A one day hackathon project that was made by me and one other developer, along with 3 UX Designers.
- A demo MERN app that uses Mapbox and a Harry Potter API to supply information from the series.
- Our project placed first in the Hackathon because of the planning by the UX designers, along with the amount of functionality that my teammate and I were able to add in.

Adventure Awaits - https://boiling-depths-32027.herokuapp.com/ November 2019

- A MongoDB, Express, React, Node.js (MERN) app that was created by a team of developers.
- Used React on the front end to make the website very quick and responsive.
- A Node.js and Express backend along with MongoDB handle a JWT Authentication system.

TrailWeather - https://fast-coast-44019.herokuapp.com/ October 2019

- Full stack web app built with Node.js, EJS, and Javascript to create a simple weather app.
- 3 API's including Mapbox, DarkSky, and the Hiking Project API for real time data.

EDUCATION //

General Assembly Software Engineering Immersive - September 2019 - December 2019
Seattle, WA

- Full-stack web development graduate in an intensive, twelve-week, 450+ hour program.

Pierce College - September 2017 - June 2019
Puyallup, WA

- Associate of Arts (AA) Degree.

WORK EXPERIENCE //

Seasonal Sortation Associate - Amazon June 2020 - July 2020

Help out in a fast-paced team environment to sort hundreds of packages for delivery each day. Building pallets, wrapping pallets, transporting pallets with a pallet jack, and sorting the completed pallets are some of my job duties.
